

IOA

HISTORY

Bracken / Favreau 2007

ASSOCIATION HISTORY

HISTORICALLY, THE FIRST KNOWN NATIONAL OSTOMY ASSOCIATION WAS FOUNDED IN DENMARK IN 1951.

In 1966 Archie Vinitzky, as chairman of the UOA International Relations Committee, sent 10 letters around the world to inquire about founding an international mutual aid organization of ostomates.

From 1966 to 1970, at the annual UOA conference, representatives of ostomy associations from other countries held informal meetings to share common experiences.

The IOA organizational beginnings can be traced to *August 28, 1970*, when the World Work Committee came into existence at the annual UOA Conference site in Boston.

Representatives of COPA of Denmark, ILCO of Sweden and UOA of Canada and the United States met in Dr. Albert J. Lyons' suite during the Boston Conference.

At that meeting, Archie Vinitzky was elected Chairman; Christian Soop, Secretary; Dr. Albert J. Lyons, Medical Advisor; and the name for this committee was called World Work Committee.

From 1970 to 1974 the World Work Committee continued to meet annually at the UOA Conference. On those occasions, the committee provided outreach, assisted newly formed associations in Europe, South America and Asia and continued its effort under the guidance of Christian Soop and Archie Vinitzky, with assistance from other ostomates.

May 16 – 19, 1974, a preliminary constitution and bylaws meeting was held in Malmo, Sweden. Approximately 40 were present from 11 countries. Those in attendance represented the countries of Spain, Italy, West Germany, France, The Netherlands, Denmark, Sweden, Finland, Great Britain, the United States and Canada. The Constitution and bylaws were assigned for further development to be presented at the next meeting in Weesp in 1975. The committee was headed by Lars Grimelund Kjelsen of Norway and Alan A. Meyer, barrister, of London.

1975, Weesp, The Netherlands Citizens Hall of Weesp, Town Hall, April 25-26, 1975, City of Weesp. Organizing committee was Greet van Eyk-Althoff, Jan Prum, Chris Delmold, Herman Meijer. Thirty-seven representatives and observers were in attendance from 12 countries. The conference formally ratified the articles of confederation, and the constitution and bylaws were adopted and signed by representatives of 11 associations representing 10 countries.

The conference changed the name from World Work Committee to International Ostomy Association. Archie Vinitzky was elected Chairman; Christian Soop, General Secretary; and Alan Meyer, editor of the IOA Bulletin.
